**Subject: Compliance with the 2015 World Anti-Doping Code**

Dear Colleagues,

As mentioned in our correspondence of 20 October 2016, WADA's Compliance Review Committee held yesterday its last meeting before the Agency's Foundation Board meeting to be held on 20 November 2016.

In light of the information and documentation recently provided by ESKAN and the Greek public authorities, the Compliance Review Committee concluded that the outstanding issues appear to have been solved and therefore no recommendation of non-compliance will be made to WADA's Foundation Board.

Notwithstanding the aforementioned, the Compliance Review Committee asked WADA's Management to continue to work in close cooperation with ESKAN and the Greek public authorities in relation to the implementation of ESKAN's anti-doping program and the creation of EOKAN and to closely monitor the future developments in this respect.

We thank you for your work and look forward to continuing to work closely with you.

Yours Sincerely,

**Emiliano Simonelli**
